President Attends Mass Interment of World War II Dead

20 Given Heroes' Burial at Arlington Cemetery in Impressive Rites

Washington, Oct. 30—(AP)—President Truman stood with head bared today as 20 of the nation's soldier dead, brought home from foreign graves, were given hero's burial in Arlington National cemetery.

It was the first mass burial at home of thousands of Americans who fell overseas in World war II. All of those honored today died in Pacific fighting. Eventually an estimated 6,000 will be buried at Arlington.

A chill breeze ruffled the flags which draped the caskets during the brief ceremony held under overcast skies in a section of the historic cemetery overlooking the nation's capitol.

Truman, solemnly attired in a dark coat and dark, gray-striped trousers, watched a short distance from where mothers, widows and other relatives wept in sorrow.

Secretary of State Marshall, who as Army chief of staff helped direct American forces to victory, was there, his tall and soldierly figure standing out in the crowd.

High Officials Attend

Also with the president were Secretary of Defense Forrestal, chefs of the Army, Navy and Air Force, other cabinet members, and government officials.

The 86-piece Army band played the march, "The Vanished Army," muffled sobs of the families could be heard as this was followed by the old hymn, "Nearer My God to Thee."

In keeping with American tradition, chaplains of the Protestant, Catholic and Jewish faiths read their services for the dead.

Four men in uniform, from each branch of the armed services, raised the flags from each of the caskets as the services ended.

Comrades fired three volleys into the air. A bugler sounded taps and from the distance came back the echo from another bugler. The uniformed men folded the 20 flags from the caskets and presented them to the bereaved families. The services were over.

White Wisconsin Girls Date Negroes

Madison, Wis., Oct. 30—(AP)—The owners of a private rooming house for co-eds at the University of Wisconsin have evicted two girl students, one for having dated a Negro student.

Mr. and Mrs. Arthur H. Rupe, in a statement yesterday, said they had asked Iris Alexander, a student from New York City, to leave after she returned to their rooming house from an interracial party at the university memorial union with an unidentified Negro student.

The second co-ed evicted, the Rupes said, was Constance Felton, a senior from Brooklyn "for sympathizing with Miss Alexander and indignantly telling Mrs. Rupe off regarding the matter".

"The other girls would not stay here if Miss Alexander and Miss Felton continued their interest in Negroes", the Rupes said. "There is no religious prejudice concerned. But a private home is no place for inter-mixing".

Miss Alexander, who is chairman of the social relations committee of the university student board, said she had placed the matter before the board.

Anti-Trust Action Hits Banking Firms

Washington, Oct. 30—(AP)—Attorney General Clark today announced the filing of a civil anti-trust suit against 17 of the largest investment banking firms in New York. The suit charges a conspiracy to monopolize the handling of securities issues.

In addition, the government asks for dissolution of the Investment Bankers Association of America which maintains headquarters in Chicago.

Clark told a news conference the suit is being filed in federal district court for southern New York.

He described the suit as "one of the largest and most important in the history of the anti-trust laws."

The complaint alleges that the 17 banking firms "have conspired to restrain unreasonably and to monopolize the securities business

Continue Search for Missing Skeleton Bits

Colorado Springs, Colo., Oct. 30—(AP)—Deputy sheriffs continued a search today for missing parts of a skeleton unearthed on the ranch of Junia Wesley Vandervoort, who is being held without charge in the El Paso county jail.

Vandervoort's 21-year-old son, Wesley, told officers his father shot his mother in 1941, and buried the body.

Sheriff Ray H. Slocum reported the elder Vandervoort insisted he had not harmed his wife and that she "rushed off" and never returned after an argument.

Most of a human skeleton and clothing fragments were dug up on Vandervoort's ranch Tuesday. The skull and bones of hands and feet were missing.

Murder of Chicago Boy Attributed to Sexual Assailant

Police Rounding Up All Known Sex Suspects in Wake of New Crime

Chicago, Oct. 30—(AP)—Police rounded up all known sex offense suspects today as they intensified their search for the slayer of Lonnie Fellick 7, whose beaten body was found in a forest preserve 11 days after he disappeared from home.

State's Attorney William J. Touhy, directing investigation, said he believed the boy, who was last seen alive Oct. 18 in a park near his northwest side home, was slain by a sex criminal.

Coroner A. L. Brodie said Lonnie died of blows that fractured his skull behind the left ear and caused a hemorrhage in his left chest. His right temple also had been injured. A mailman walking through the forest preserve in suburban River Forest, several miles from the Fellick home, discovered the boy's body yesterday.

Flees Hospital Clad Only in Gown, Robe

Joliet, Ill., Oct. 30—(AP)—A man lying dazed in a street here, Oct. 26, who subsequently identified himself as Roy Dick, 39, of St. Louis, walked away from his hospital bed last night apparently clad only in a hospital gown and robe.

Roy Doerfler, a deputy sheriff, said Dick declared he had walked into the path of an automobile in an attempt to end his life. Doerfler said Dick, a parking lot attendant, related he was despondent after a quarrel with his wife and had left St. Louis Saturday, hitchhiking to Joliet.

The deputy said a note was found in one of Dick's pockets addressed to "Kay", and read: "it is best this way, before I hurt you more."

Hospital attendants said Dick was in his bed in a ward at 7:30 o'clock last night, but that a short time later they discovered he was missing. He had been dressed in a hospital gown, and attendants said a blue hospital robe was missing. Sheriff's deputies and Joliet police began a search.

Most People Want Skeleton Dress When Picking Garb for Hallowe'en

Chicago, Oct. 30—(AP)—When it comes to dressing up for Hallowe'en most people would rather be skeletons.

Some would like to be rabbits.

And then there are those who want to be their "suppressed desires," which might be "anything from looking like a can of sardines to the sexiest thing on feet."

Lester of Lester, Ltd., Chicago theatrical supply house, on the eve of Hallowe'en revised request made by people preparing for Hallowe'en masquerades.

This year's biggest run, Lester said, is being made on skeleton, or what the trade calls "spook" costumes. These include witches, devils, ghosts, ghouls and many other unfriendly characters. Lester explained that designs for these and other costumes require research that takes investigators through museums, universities, art archives and a good deal of literature.

Lester, who has traveled through most of the world gathering costume material, said he keeps 100,000 costumes on hand to meet demands for garments of every nation.

He said he can't recall ever being stumped to meet a request. "We've dressed up people as a pair of scissors, orange, macaroni, coffee pot, butter cookies and tube of toothpaste."

"Most popular now is the Spanish costume. Our most colorful is the chopanacas, a hand-made gown for a Mexican dance," Lester said.

"Many women ask for something daring, but once they put on something brief, they blush and cry, 'I just couldn't' but they do and they're happy about it. This comes under the 'suppressed desire' heading. All the ladies want to be glamorous and very fetching."

'Surprise Witness' Called in Hearing on Red Activities

Tenth Movieland Personality Sited for Contempt by Committee

BULLETIN

Washington, Oct. 30—(AP)—The house un-American activities subcommittee called Louis J. Russell, a committee investigator, as its "surprise witness" today to expose what Chairman Thomas (R-NJ) has called communist "atom bomb espionage".

Washington, Oct. 30—(AP)—Two more Hollywood screen writers were cited for contempt by a house un-American activities subcommittee today, bringing to 10 the number thus accused.

Ring Lardner, Jr., and Lester Cole were cited when they refused to give "yes or no" answers to questions whether they are or have been Communists.

As in the eight previous cases, the committee presented testimony from its investigators of finding evidence that the men cited have been affiliated with the Communist party.

Like the others cited, the witnesses took the stand that the committee has no right to ask questions about political beliefs.

Lardner, a script writer who adapted "Forever Amber" to the screen, was the first witness called as the committee went into the ninth day of its public hearings in its investigation of Communism in Hollywood.

The 32-year-old, thin Lardner wore a dark business suit, a blue shirt and a blue tie. He spoke with a nervous voice, prompting Chairman Thomas (R-NJ) to remark "you haven't learned your lines very well."

Consider Future Course

The resumption of the hearings was delayed by a closed-door session of the committee to consider the future course of its hearings.

Dixon GI Bringing German Bride Home

Sgt. Jesse Fordham, son of Mr. and Mrs. Jesse Fordham, 911 Lincoln avenue, is enroute home with his German bride, according to a cablegram received by his parents.

Fordham, who was married Oct. 20 in Fulda, Germany, cabled his parents several days ago that he is enroute to the United States on the Thomas Barry, which sailed out of Bremehaven.

He is a veteran of approximately three years Army service, 30 months of which were spent overseas. He has been attached to the 81st Constabulary squadron in Germany.

Oust Union Officer; Won't Pen Affidavit

Washington, Oct. 30.—(AP)—The CIO-Utility Workers executive board today removed an officer for failing to sign a non-Communist affidavit under provisions of the Taft-Hartley act.

Other officers of the union then proceeded to submit the required oath to make the union eligible to carry labor disputes to the National Labor Relations Board.

The official ousted from membership on the executive board is James L. Daugherty, California regional director. Members of the 12-man board are classed as officers by the union constitution.

The disciplinary action is probably the first of its kind by a CIO union.

Called Violation

Under the Taft-Hartley act officers of a union must swear they are not Communists before that union may use the facilities of the NLRB. They also must file financial and other organizational data with the Labor department. This was done for the Utility Workers today by Secretary-Treasurer William J. Pachler and General Counsel H. E. Cooper.

He added that Daugherty denies that he is a member of the Communist party but refused to sign the affidavit disavowing communism. At the Buffalo convention of the union last night, such a failure by an officer was declared to be a violation of the constitution.

War Dead Arrive in Chicago Today

Chicago, Oct. 30—(AP)—The first of two trains bearing 941 Illinois, Indiana, Iowa, Miichigan and Wisconsin war dead from the European theater was scheduled to arrive here at 5 p. m. today. The second train will arrive tomorrow morning.

Lt. Col. Carroll J. Grinnel, commanding officer of the Chicago distribution center of the Graves Registration service, said, however, that "in most cases" delivery of the bodies cannot be made from here to the home towns in less than two weeks.

He explained that delays in forwarding the bodies must be expected because of preparation of necessary government forms which must accompany each.

He added that no information concerning any of the bodies will be given until three days before they are scheduled to be forwarded and that receiving morticians will be advised 72 hours in advance of delivery of the bodies.

These first arrivals of war dead in Europe, Iceland and Newfoundland from the five states reached New York last Saturday.

Towering Seas Hamper Sea Rescue Operations

Manila, Oct. 30.—(AP)—Towering seas whipped by the winds of a typhoon frustrated attempts today to rescue 26 crewmen and one or more passengers from the stricken motorship FS277, in distress in Butuan bay in the Mindanao sea.

The FS262 reported this afternoon that the 279-ton inter-island freighter was "in a sinking condition very close off shore." Ahead of the distressed vessel lay the rocky cliffs of Mount Tubay, northern Mindanao.

The Philippines weather bureau reported all communications with its stations on the islands of Samar, Leyte and Masbate were out. Winds of 84.5 miles an hour swept over central Samar.

Petersen Takes His Fight on Meters to State's Highest Court

Asks Ordinance Providing for Parking Zones Be Declared Void

Albert Petersen, Dixon businessman, has appealed to the Illinois Supreme court, a Lee county Circuit court decision upholding a fine of $15 and costs for a parking meter violation, and has asked that the city's parking meter ordinance be declared invalid and unconstitutional.

The appeal was filed yesterday by Petersen's attorney, E. S. Wadsworth.

Judge George C. Dixon last Wednesday upheld a Justice court verdict under which Petersen had been fined $15 and costs last summer. At the same time he reversed a Justice court verdict which assessed a similar fine against John Schick for a parking meter violation.

Reversal of the Schick verdict was based upon testimony of witneses who said that a double-parked truck prevented Schick from moving his truck out of a metered stall.

Challenges Use of Receipts

Judge Dixon said in announcing his decision that it did not touch on the validity of the parking meter ordinance.

Petersen's contention is that the parking meter ordinance's provision allowing surplus earnings of the meters to be used for other corporate purposes as the council sees fit, is unconstitutional.

The contention is that it amounts to a tax on the people using the streets without the city having authority to impose such a tax.

It also claims that the city has no power to enact an ordinance permitting them to grant "no parking" areas to certain business houses and not to others.

Legionnaires Plan for Armistice Day

A parade composed of all veterans' organizations will form in front of the Elks club house at 10 o'clock in the morning and will move promptly at 10:30. The line of march will take the parade directly to the flag pole in front of the high school where a brief program will be held.

A salute will be fired by a squad of veterans to be followed by taps at 11 o'clock. Invitations to participate in the service and parade are being forwarded to all Dixon veterans' organizations. Following the program open house will be observed at the Legion club rooms during the remainder of the day and evening.

$110,000 Payroll Is Taken by Holdupmen

Boston, Oct. 30—(AP)—Six gunmen held up the B. F. Sturtevant Company in the Hyde Park district today, escaping with $11,000 payroll.

The Sturtevant company is a division of the Westinghouse Electric Corporation.

Working methodically, two of the men entered the office of R. W. Marshall, paymaster, and two others went into an adjoining office. A fifth stood at a door leading into the factory, and the sixth remained at the wheel of the get-away car.

One of the pair who walked into the paymaster's office wore a burlap bag over his head. Marshall and five employes who were preparing to assist in preparation of the payroll were herded together, facing a wall. The pair then seized the money and fled.

Maine Heartened by Rain Forecast

Portland, Me., Oct. 30.—(AP)—Exhausted Maine took heart from a weather bureau prediction of "at least as much more" rain today as wet down but failed to conquer the state's widespread forest blazes yesterday.

For two weeks the fires have spread destruction, taking 15 lives, levelling 1,100 homes and blackening 200,000 acres of woodland.

Yesterday's rain ranged from half an inch at Greenville, down to .03 of an inch at Augusta. The Portland area had a quarter inch.

Whether it was all natural or partly man-made, was a moot point.

Scientists in two B-17's sowed clouds over New Hampshire with dry ice, hoping to make it rain in Maine. Vincent J. Schaefer, General Electric scientist on the flight, said he believed the mission "was successful."

Weathermen at Portland were unable to judge the effect of the dry ice technique because rain fell before and after the aerial rainmakers started operations.

In any case, there wasn't enough. "The drizzle . . . hasn't eliminated the fire menace but has

Costly Error

Syracuse, N. Y., Oct. 30—(AP)—Mr. and Mrs. George L. Smith were faced today with the prospect of moving their partly completed bungalow because it was erected on the wrong lot.

Under a settlement reached yesterday in state Supreme court, the Smiths are to move their new home to their own lot approximately 300 feet away by May 1, leave the foundation where it originally was laid and pay $100 damages to Mrs. Dorothy Beston on whose property the house was built.

The Smiths unsuccessfully petitioned for an exchange of lots or a decree whereby Mrs. Beston would pay $3,000 for the unfinished bungalow.

Mrs. Smith told the court that Mrs. Beston's lot, No. 58, was pointed out to her by an apparently misinformed person as lot 61, the one the Smiths had purchased.

Green-for-President Drive Given Consideration by GOP Chieftains

Chicago, Oct. 30—(AP)—A Green-for-President drive is in the making among Illinois Republican leaders, so says one of them.

Albert J. Schupp, Will county GOP chairman, said last night at his home in Joliet that there was "much discussion and much support" for such a movement at a two-day joint meeting of executive committees of the Republican state central committee and the Republican County Chairmen's association.

The meeting, held at Starved Rock state park, concluded yesterday with no official statement issued, but Schupp, chairman of the county group, said apparently all 29 leaders present favored proposing the Republican governor for president at the national convention next summer.

"There was no talk about anyone opposing him in Illinois' preference primary as a favorite son candidate. We doubt if anyone would try it," Schupp added.

Also discussed, according to Schupp, was Green's seeking a third gubernatorial term. He said most party chiefs agreed that a third term for Green would considerably help presidential chances by keeping him in the political limelight and assuring control of the state delegation at Philadelphia next summer.

However, Schupp said, he knew of no party chieftains with knowledge of the governor's plans—whether he will seek a third term or whether he prefers that the governorship race begin before the presidential drive.

"We all feel that something ought to be done and done soon," Schupp said, adding:

"We want to get to work and we want to know what the governor has in mind."

At the Starved Rock gathering, a Chicago newsman tried unsuccessfully to get the politicos to ballot their choice between State Treasurer Richard Yates Rowe and Rep. William G. Stratton for secretary of state. Both are avowed candidates.

Schupp said the members of the executive committees felt they had no right to possibly commit the full membership of their organizations.

Top Officials of Western State Killed as They Start Hunting

Klamath Falls, Ore., Oct. 30.—(AP)—The wreckage of a plane carrying Gov. Earl Snell of Oregon and two other top officials and the pilot, was reached by a search party today and there were no survivors, Fremont Forest Supervisor Merle Lowden said today.

Lowden said that Ranger Jack Smith, with the party at the wreckage, reported by portable radio that the aircraft was completely demolished and four bodies were found.

Lowden said that an attempt would be made immediately to establish further communication with the crew. He said he believed the bodies are now being moved out.

Because of the difficult terrain, it was believed possible it might require hours to bring out the bodies, but Lowden said the message from Smith did not say how close the wreckage was to the nearest logging road, so no time estimate was possible.

On Hunting Outing

Killed with Gov. Snell were state Senate President Marshall Cornett, 49; Secretary of State Robert S. Farrell, Jr., 41, and Cliff Hogue, 42, Klamath Falls, the pilot. They had left here Tuesday night on a one-hour hop to Lake County's Warner valley to hunt waterfowl.

The wreckage was found in heavy timbered country 70 miles east of here and a few miles north of the Oregon-California border.

Throughout the night state police, forest rangers, Army Air rescue unit personnel, Coast Guardsmen and volunteers had combed the area, operating from headquarters at the Dog Lake forest guard station.

Confirmation of the governor's death immediately elevated John H. Hall, 48, Portland attorney, to the governorship by virtue of his position as speaker of the house. He will fill by appointment the vacancy in the secretary of state's office.

First Report From Cattleman

Lowden reported a telephone call from George Hill, a cattleman in the lonely country near the crash, first directed air searchers over Dog Lake mountain where the plane was sighted.

Lowden said Hill had been disturbed Tuesday night by the sound of a distressed aircraft near his isolated cabin. He attempted late that night to use a forest service telephone but there was no response to his ringing over the single wire circuit linking isolated ranger stations. Later yesterday, his efforts brought an answer from a northern California forest station. Lowden said Hill had no radio and consequently did not know of the news that the governor's plane was missing.

Score of Planes in Search

Two pilots who sighted the wreckage, Robert Adams and Greg Painter of Lakeview, Ore., were flying one of a score of planes from four states that circled the area in the afternoon. They spotted the shattered craft through a break in the overcast and flew at

Seek to Identify Cave-Locked Body

Pueblo, Colo., Oct. 30.—(AP)—Efforts were being made today to identify the body of a boy removed from a cave here last night, climaxing a strange disinterment brought about by a father whose 17-year-old son disappeared last March.

The parents of Kenneth Vannest of Pueblo, Mr. and Mrs. Byron Vannest, were to view the body today. It had been sealed in the cave by a dynamite blast after previous efforts to remove it proved futile.

Positive identification of the body, found in July by two other youths, was impossible at the time because volunteer workers were unable to free it from the cavern. The parents accepted the tentative identification and agreed that the cave should be sealed as the boy's tomb.

Last week Vannest, uncertain of the identification, began the task of reopening the cave.

During the eight-day struggle against the crumbling rock, Vannest was joined by friends and volunteers. The father, exhausted by the long vigil, had left the scene a few minutes before the body was brought to the surface last night.

Washington, Oct 30—(AP)—The Democratic party as represented by its national committee gave evidence today that it has settled just about everything for its 1948 campaign except who is to run for vice president.

At a one-day meeting yesterday the committee unanimously picked Philadelphia for next summer's nominating conclave and elected in 43-year-old Senator J. Howard McGrath of Rhode Island a new national chairman who favors non-partisan action on emergency legislation at the November 17 special session of congress.

The 108-member group also applauded a statement by retiring chairman Robert E. Hannegan praising President Truman and asserting millions of Americans are calling for him "to stay at the helm." Everyone present appeared to agree that Truman would be the nominee in his own right next year.

Talk Is Informal

Vice-presidential talk was informal and scarce.

Most members said it is too early to think about the No. 2 spot But names heard included those of Secretary of Defense James Forrestal, a New Yorker; Supreme Court Justice William O. Douglas, of Washington state and Connecticut, Gov. Mon C. Wallgren of Washington, and Gov. William Preston Lane, Jr., of Maryland.

There undoubtedly will be others and none present yesterday could venture a guess as to whom might have the edge. Truman is represented as yet to make a choice.

Philadelphia, chosen earlier by the Republican party for its 1948 convention beginning June 21, won the Democratic convention yesterday without opposition.

McGrath, authorized to name the Democratic date, said he thought it would be sometime after July 4.

A Thought for Today

Depart from evil, and do good; and dwell for evermore.

* * *

He that does good for good's sake seeks neither praise nor reward, though sure of both at last.
—William Penn.

Boy and Girl Scouting

Character building and citizenship training are the principle aims of both Boy Scouting and Girl Scouting. The annual drive is on and will continue through Saturday.

Scouting trains boys and girls in developing these important traits through a continuing series of experiences, planned to create in them habits which will lead to active participating citizenship. For example, Scouting teaches first aid so that boys and girls will be prepared to help other people in emergencies; it teaches them to make a practice of doing a good turn to someone every day and to take an active part in the civic life.

During the past year Boy and Girl Scouts have shown many times that this training has paid dividends to the community. They have been ready at a moments notice to do innumerable "Good Turns" for their community. To enumerate but a few of them, the Boy Scouts have conducted monthly waste paper drives, have distributed posters for various drives and activities, such as the Red Cross drive, the polio drive and for fire prevention week. They have acted as ushers at "Talk of the Hour Club" lectures and at many other civic enterprises.

The Girl Scouts have shown the effects of their citizenship training by making and distributing tray favors at the hospital at Christmas and other holidays, by collecting needed waste fats, distributing posters for the tuberculosis drive and by singing carols at Christmas time.

Yes the Boy and Girl Scouts are ready at all times to perform service to their community. They are prepared to act in any emergency . . . the extent of their civic service is limited only by what the community asks them to do.

The annual Boy Scout and Girl Scout drive is the one time the community can express its appreciation for what the Boy Scouts and Girl Scouts have done, in a material way. By being generous in its gifts, the community can make it possible for more boys and girls to have the advantages of Scout training, to have a better experience in camp, to provide more trained leaders and to become better, participating citizens of the future.

As Pegler Sees It

By WESTBROOK PEGLER

Washington—Robert E. Stripling, the chief investigator of the Thomas committee on un-American activities, has reported that Mickey Rosner, an underworld emissary, called at the committee's office on Sept. 21 to try to arrange a "fix" so that Louis B. Mayer, of Metro-Goldwyn-Mayer, would be excused from testifying about the influence of Communist writers and actors in Hollywood.

The first approach was a call from the office of Senator Thomas, of Oklahoma, a Democrat and a new dealer. Stripling reported to his chairman, Congressman J. Parnell Thomas, of New Jersey, a Republican, that a woman's voice arranged the interview and that Rosner soon appeared. He introduced himself as Mickey Rosner and established the fact that he did come from Mr. Mayer by presenting a letter from the committee to Mayer informing him that he must appear in Washington Oct. 20, to testify.

"Mr. Rosner then stated that Mr. Mayer really had no information and would prefer not to appear," Stripling reported in writing to the committee. "He stated that Mr. Mayer wanted to extend all possible cooperation and felt that Edward Mannix, vice president and general manager of M-G-M studios, would be the proper person. They would be glad to see to it that Mr. Mannix appeared. Mr. Rosner stated that it would be embarrassing for Mr. Mayer to appear as a Republican leader, after taking the oath, to tell the committee that he knew nothing about the situation. According to Mr. Rosner, he didn't.

"I advised Mr. Rosner that it was a matter for the full committee and I could do nothing about it. Mr. Rosner stated that he would be at the Shoreham hotel, apartment 8045."

* * *

Stripling, describing the interview with Rosner, indicates that Rosner's manner was that of a lobbyist and fixer and says that on leaving, Rosner warmly assured him that it would be most appropriate to excuse Mr. Mayer.

Stripling later was informed that Mr. Mayer was actually sick at the thought of appearing as a witness on the subject of Communism in Hollywood, in the presence of a large turnout of actors and hack writers who have raised heckling to an art. Nevertheless on Monday, Oct. 20, he did testify.

The Thomas committee made its own inquiry and was informed as follows:

Morris Rosner was born 1897, Roumania. Claims citizenship through naturalization of his father. New York public schools. Employed as stenographer and accountant to 1925. From 1925 to 1931 special investigator for attorneys in New York. In March, 1932, Rosner received considerable publicity in connection with his activities as alleged go-between in Lindbergh kidnaping. Rosner had boasted of his contacts in the underworld and stated he could find out something about the case at once if he could secure an authorization from the Lindbergh family. Subsequently, Rosner stated he would need $2,500 to make proper contacts. This was furnished. Obtained no information of value.

"Rosner appointed chief of police of Long Beach, L. I., Oct. 17, 1936. Considerable derogatory newspaper publicity. After being ousted as chief Rosner was brought into court and tried for failure to return his badge after resignation. Acquitted on defense he had lost the badge.

"Jan. 6, 1925, indicted eastern district (Brooklyn) on a charge of attempting to obstruct justice in federal court, convicted, sentenced one year and fined $1,000. March 1, 1926, court of appeals reversed the conviction and Rosner was dismissed.

"Rosner arrested Oct. 5, 1931, New York police. Charge, grand larceny growing out of stock sale fraud. Dismissed June 2, 1933.

"Rosner lived at the Shoreham hotel approximately three years beginning early in 1940. According to one rumor Rosner often bet as much as $5,000 on horses."

* * *

The New York Daily Mirror on Nov. 17, 1934, reported disorder broke up the meeting of the Long Beach city council when a "committee of several hundred" citizens presented a petition signed by 2,200 demanding that the job of chief of police be abolished to eliminate Rosner, expunge a reflection on the character and intelligence of the city, and save the taxpayers $6,500 a year. Three days later, the Mirror ran an editorial congratulating Long Beach on the acquisition of "Morris Rosner, ambassador extraordinary to the underworld," as chief.

"We still remember his message from those two great underworld detectives, Spitale and Bitz, announcing that the Lindbergh baby was alive and well, three days before he was found dead in a spot where he had been for many weeks," the Mirror said.

Elmer Irey, recently retired coordinator of investigating agencies of the treasury, whose men convicted Bruno Hauptmann in the Lindbergh case, well remembered Rosner as an underworld person.

I telephoned Mr. Rosner at the Shoreham and he said "we" had been willing to present Mr. Mannix as a substitute witness who would better know the truth. He said Mr. Mayer has been badly worried over the illness of a close relative. Rosner used the term "we" several times and explained that he was now employed by M-G-M. He formerly was employed as a Washington adviser by the Motion Picture Producers association. He acknowledged that the telephone call to Stripling, preparing his way, came from Senator Thomas' office. He was proud to say also that Senator Thomas held him in so friendly regards as to give him a note to the committee intended to get him a reserved seat at the hearings.

On presenting this to Chairman Thomas, the congressman, however, Mr. Rosner was told that he would have to take his chances in the scramble.

Challenge To Love

By ETHEL HAMILL

© Arcadia House, Inc.; Distributed by NEA SERVICE, INC.

THE STORY: On the opening day of college Camellia Austin, daughter of the Dean, is chided by young Professor Herbert Powell for not having written to him during the summer. He warns her that she can't go on grieving forever over Gary Harlowe, who was killed in the war. Cam had not been in love with Gary, any more than she had been in love with other young cadets whom she had dated and later written V-mail to. But when Gary left his insurance to Cam, as his "fiancee," everyone believed it to be a tragic romance. Cam has tried to explain but to no avail. Now she tells Herbert she is through romancing, that she is not going to mislead anyone else.

* * *

III

Herbert leaned forward, answering the words but not the unspoken thought. "All very well for transients, my dear. But I'm permanent here, and in line for a full professorship. I love you Camellia. I can offer you the sort of atmosphere you've grown up—"

"Herbert, please! I've been trying to tell you. I'm not worth loving. I-I guess maybe they just left whatever it takes for a big, bang-up love affair out of my make-up."

The professor snorted. "A girl with your case history—"

"Oh, yes. I've been stirred up to a fine froth, time after time, by moonlight and wartime partings. But after a few weeks, Herbert, there's always been somebody else. It's never lasted."

"You mean to say no man's ever made a lasting impression? Never?"

"No one. Never."

Well, to be quite accurate, no man but one. He had been a freshman at Carter the year before she'd been ready to enter college, back in those threshold days when she still had been more the Dean's pretty kid daughter than a campus personality in her own right. He had been a farm boy, tall and hard muscled, with blue eyes the deep color of spring violets and a mop of red-gold hair.

After that first Christmas vacation, he hadn't returned to Carter. Cam had heard her father discussing it, once, with another member of the faculty. Too bad about that young Conroy, he'd said. No money of his own to continue, and no more scholarship aid available for the semester. A promising lad, too.

That much, much younger Cam had cried herself to sleep the night she had learned that Joel Conroy's days at Carter were over. To her he had been more than "promising."

* * *

They'd seen each other on the moss-streaked campus walks. They'd skated together on the first strong ice of the season, at Miller's Pond. They'd sipped a soda—two straws, one glass—at the Kandy Kitchen. They'd held hands, awkwardly, behind the rented potted palms at President Balfour's annual Thanksgiving Day reception.

Nothing more than that.

Yet later, when he was gone, her world had seemed empty for months and months, all the laughing young navigators she had seen off to their advanced training had become mere blurred reflections of Joel.

Yes, one boy had made a "lasting impression" on her. However, she might deny it to Herbert now.

"I'll have to hurry," she apologized, rising. "Just time left to change for dinner, and you know what Dad is about mealtime. Especially tonight, since it is Maurine's first meal in residence."

"Maurine?" It sounded like the first question in a class quiz, the demanding way that Herbert said it.

"My young cousin, Maurine Blair. Her father's Senator Blair. My mother was his sister." She was moving as she spoke. "She's entering with this year's freshmen, and on account of the family ties she'll be living at our house instead of in one of the dorms."

"Wait!" Herbert commanded, behind her. "About my date—"

"It wouldn't do any good to give you one, Herbert. You'd just want to kiss me the minute we were alone. And I'd have to refuse you."

She could hear him still sputtering where she had left him as she eeled deftly through the throng clotting the aisle.

* * *

The booths were behind her now. She had only to run the gauntlet of the soda fountain to reach open air again.

She knew many of the students past whom she was beating her way like a jungle traveler in the bush. More than one boy in the jam would have stopped her if she had not avoided his outflung hand with a quick smile.

By this time tomorrow, the telephone at the Dean's house would be jangling steadily. There would be notes thumbtacked to the Eta Mu bulletin board informing her that Jack had called—and Dan and Sam and Buddy. But her answer to all of them was going to be the same, in this new year just beginning. No more dates. No more romances.

No, indeed, no more romances! And as for kisses—

Arms swept around her, from behind, without warning. Hard reckless arms plucked her out of the crowd and turned her around and lifted her high. While Cam was still gasping in surprise, the tall man bent his head and his mouth found her own.

The pressure of that contact was hard and swift and triumphant.

"Now I've really been welcomed back to the campus!"

Cam stared up at him, dizzily. "I—can't be—?"

"You remember me, don't you? Joel Conroy?"

Remember him? Oh, yes! Whether she'd wanted to or not, Cam had remembered him.

"W-what on earth are you doing in Cartersville?"

He grinned down at her joyously. "Home is the soldier, home from the fox holes! I'm going to college again, Cammie! On my Uncle Sam!"

(To Be Continued)

Arms swept around her, from behind, without warning. While Cam was still gasping in surprise, the tall man bent his head and his mouth found her own.

IF you've been itching to get the thrill of a power-packed 1947 Buick engine under your treadle toe, here's the quick and happy solution.

It's a factory-fresh Fireball engine right off the 1947 production line. It's exactly the same mighty package of power that goes into the flashing new Buicks. You can get it now to repower any Buick built in the last ten years.

How can we do it—when new cars are so hard to get? Here's the answer:

While shortages of bodies and other parts slow up completed cars, Buick engine production has forged ahead. So engines are available now—ready to go into your car and step it up with today's up-to-the-minute power performance.

And it's as simple as this: We take out the old engine—put this new one in its place—and your car's young again, rarin' to go, with a new lease on life and headed for thousands and thousands of miles of smooth, spirited service.

It doesn't take long—far less time than a thorough overhaul—and often at less cost. Convenient payments can be arranged, if you like.

It's the next best thing to getting a new Buick—and a good investment because it makes your car worth so much more.

Certainly well worth while looking into, isn't it? Come in and let's talk it over.

Rev. T. L. Walsh Hears Vows in High Nuptial Mass

In a setting of white and pink floral arrangements Miss Margaret Elaine Moerschbaecher, daughter of Mrs. P. J. Moerschbaecher, 715 Peoria avenue, became the bride of Lawrence Eugene Dougherty, son of Mr. and Mrs. Clarence Dougherty, 817 Hennepin avenue, Saturday morning in a 9:30 o'clock Mass in St. Patrick's church. The Rev. T. L. Walsh officiated.

Preceding the ceremony Sister Concepta, organist, played a prelude and later accompanied the members of St. Mary's junior choir when they sang the Mass. Miss Maureen Tyne, soloist, sang four selections which included: "The Lord's Prayer," "On This Day O Beautiful Mother," Bach's "Ave Maria" and "Panis Angelicus."

Bouquets of pink and white pom poms were on the side altars.

Brocaded Organza Gown

Given in marriage by her uncle, R. T. Haley of Indianapolis, the bride wore a gown of white brocaded organza made in princess style with a V-neckline, fitted bodice, long sleeves ending in points over the hands and full flared skirt extending into a short train. Her fingertip-length veil was held in place by a wreath of orange blossums and her jewelry was a strand of pearls.

For something blue the bride carried a blue and white gold rosary which the bridegroom got at the cathedral in Hawaii. The flowers in her semi-colonial bouquet were white roses and stepsanotis centered with white gardenias.

Attendant in Blue

Mrs. James E. Bales was her sister's matron of honor and wore a blue crepe floor-length gown with matching long gloves. Pink carnations were arranged in a half halo headdress and made up her semi-colonial bouquet.

Laverne Dougherty was his brothers best man and James E .Bales and Donald Tehan of Rock Falls ushered.

For her daughter's wedding Mrs. Moerschbaecher selected a burgandy crepe dress with black accessorics and an orchid corsage. The bridegroom's mother wore plum crepe with grey accessories and an orchid corsage.

Breakfast, Reception

At noon a breakfast was served at Peter Piper's to 37 guests. A three-tiered wedding cake with silver candelabra at each side centered the table which was decorated with bouquets of white pom poms.

Later in the afternoon a reception was held at the home of the bridegroom's parents. Mrs. R. T. Haley cut the cake and Mrs. Francis Tehan, Mrs. L. J. Dougherty, Miss Jane Dougherty and Mrs. John Barthelme served. Miss Ann Haley was in charge of the guest book.

The couple left in a wedding trip to New York City and Washington, D. C., on return from which they will reside at 315 Dixon avenue. For traveling Mrs. Dougherty chose a brown gaberdine suit, frost white hat and brown accessories. With it she wore an orchid corsage.

Out-of-Town Guests

The bride attended St. Mary's grade school, Dixon high school and Mundelein college in Chicago. Prior to her marriage she was employed by the law firm of Dixon, Devine, Bracken and Ryan.

Mr. Dougherty attended St. Mary's school and Dixon high school and served four years with the USMC. He is employed in the construction department of the Illinois Northern Utilities company.

Out-of-town guests at the wedding included Col. and Mrs. John H. McGee and daughter of Champaign; Mr. and Mrs. R. T. Haley and daughter of Indianapolis; Mrs. John Berghoff, Mrs. Martin Draths and sons, Miss Jane Dougherty, Miss Audrey Cameron and Mr. and Mrs. James Burke, all of Chicago; Mr. and Mrs. John Barthelme, Mrs. L. J. Dougherty and Mr. and Mrs. Warren Wahl, all of Sterling; Mr. and Mrs. Francis Tehan and Donald Tehan, all of Rock Falls; George McGee of Minot, N. Dak., and Miss Jane Carey of Morris.

White Satin Gown

Given in marriage by her father, the bride was attired in a white satin gown fashioned with a sweetheart neckline, fitted bodice and full skirt extending into a train. A coronet of velvet rosebuds and plumes held her fingertip-length veil in place and she wore a cameo necklace, the gift of the bridegroom.

Identical gowns of peacock blue taffeta fashioned with sweetheart necklines, and bustle backs were worn with matching mitts by the two attendants, Mrs. Ballard Dague of Belvidere, sister of the bride and matron of honor, and Miss Frances Gittleson of DeKalb, bridesmaid. Their coronets were of pink velvet rosebuds and plumes and they carried colonial bouquets of pink carnations.

Reception in Church

Joseph Hermann of Steward was best man and Walter Peterson of Malta, Harley Rosecrans of Paw Paw, brother-in-law of the bridegroom, and C. Robert Plapp, brother of the bride ushered.

For her daughter's wedding Mrs. Plapp wore a black crepe dress with white accessories and a corsage of pink carnations. The bridegroom's mother selected a wine-colored velvet dress with black accessories and a white carnation corsage.

of concrete pavement near the boy's body and investigators said it probably was the death weapon. They said, however, no finger prints were found on the concrete. Investigators said the boy's clothing had been disarranged and although preliminary examination did not disclose any sexual abuse of the child's body they believed he was slain by a sex moron.

Dead Almost One Week

Brodie, who also expressed belief that the boy was a victim of a sex criminal, estimated that Lonnie had been dead from five days to a week.

The boy's mother, Mrs. Mary Fellick, had reported to police on Oct. 18 that Lonnie had threatened to run away from home rather than be placed in a foster home if a threatened eviction of Mrs. Fellick and her seven children was carried out.

While police hunted for Lonnie the hearing on the eviction suit was continued to Nov. 7. Police said Mrs. Fellick told them her second husband, Abe, a veteran of the last war, is in California recovering his health.

An inquest was to be held tomorrow and funeral services for the child will be held Saturday.

BUCS EYE TITLE HERE TOMORROW

Frosh-Soph Invaders to Risk String

Ottawa, unstopped since bowing to LaSalle-Peru, 12-0, in its season opener, climaxes a bid for the Northeast division NCIC gonfalon here tomorrow night against the winless Dixon Dukes.

Combining an experienced backfield with a light but solid defense, the Pirates have smacked down Streator, DeKalb, Sterling, Rock Falls and Hall Township.

Their most notable achievement dumped Hall, 13-12, last Friday, clearing the way for undisputed Northeast honors. Ottawa won last season's nine-team race by also stopping Hall.

Dixon, slaughtered 47-0 by DeKalb a week ago, figures to offer little resistance in its season windup.

Coach Marvin Winger intends to start a lineup studded with sophomores, five in all, against the predominantly senior Ottawa cast.

Acker May Miss Game

Breaking down the respective rosters, the Bucs count 15 seniors and 18 juniors as compared to Dixon's eight seniors, nine juniors, 10 sophomores and one freshman.

Floyd Acker, the local freshie halfback, may not be ready for action. He was scheduled to visit a doctor last night for diagnosis of possible rib injuries. Another Duke halfback, Stan Fish, probably will be sidelined due to leg wounds.

Winger announced yesterday Ed Mezler will serve as ac captain for the finale.

Ottawa will place a sensational streak on the line in the 6 p. m. prelim, amounting to 20 straight victories and 24 games without a loss.

Beginning the skein in 1945, frosh-soph teams skippered by Charlie Alikonis have failed to taste defeat since, although engaging in a couple of ties.

This fall the fledgling Bucs have added seven straight wins by outscoring LaSalle-Peru 7-0, Ottawa Catholic high 16-0, Streator 19-6, DeKalb 26-0, Sterling 13-6, Rock Falls 32-6 and Hall Township 6-0.

Dusty Photo Brings 1914 Team to Mind

By BOB FALLSTROM

Recalled to mind by a dusty photograph is the 1914 Dixon high school grid outfit.

Quizzing Sterling Schrock, Lee county clerk, about the club after the photo was discovered in the basement of Boynton-Richards by Joe Miller, we learned . . .

Schrock and Ted Haley were the wingmen with the late Art Hefley, Leamon Wold and Les Dollahan at tackles, Art Heid and Bill Barge at guards, Don Church at center, Harris Ackert at quarter, Clyde Lenox, the late Ken Church and Mahlon Dollahan at halves and Clint Wiener at full.

This team was coached by Homorich and enjoyed moderate success we're told. Next week we'll revive the 1915 eleven, which was staffed by many of the above players.

A. C. Bowers, athletic director of Dixon high school, takes over the prognosticating chores on this week's top ten college grid matches. And Art draws some rugged contests, too.

To begin with, there's Notre Dame vs. Navy at Cleveland. "Notre Dame has the habit of playing one game at a time to win," Art observes. "Besides, Navy is low this year Notre Dame 28, Navy 6."

Of course the big game of the day and of the season will be staged before some 71,000 spectators in Memorial stadium, Champaign . . . Michigan vs. Illinois.

Here's what Bowers has to say about it: "Although Illinois has two or three points to its advantage—homecoming, revenge for last week's defeat by Purdue and a long standing desire to even the series between the two schools—I believe Michigan has too much power. Michigan will win, 26-14."

An almost even ball game pits Iowa at Purdue. "Purdue is definitely on the upgrade as its record shows," Art points out. "Iowa doesn't have the reserve strength to win this one but it shouuld be close. Purdue 14, Iowa 7."

Wisconsin's Badgers, who romped over Marquette last Saturday, take on Northwestern at Evanston leading Bowers to this conclusion: "It's a tough one . . . either team can win so it's the toss of a coin. Make it Wisconsin 7, Northwestern 6."

Top southern clash is Duke at Georgia Tech. Bowers gives Tech a 21-13 nod after figuring the two teams about equal off past records. Georgia Tech is undefeated while Duke has only a tie blotting its slate.

Two of the nation's undefeated, untied elevens hook up in a climatic southwestern duel when Texas appears on the Southern Methodist lot. "Texas seems to have a mite more power on offense and a somewhat better defense," Bowers claims, "but here again the final will be close. Texas 14, SMU 7."

Bowers perhaps draws a sure-thing in the Pennsylvania at Princeton tussle since the Quakers haven't been pressed while amassing a string of victories. However, for those who dream of an upset let it be said that the same situation was on tap last season and Princeton came through to win. Art picks Penn, by a 21-6 margin.

"The team that makes the most of its breaks will win the Indiana at Ohio State tilt," allows our prophet. "I'll take Indiana, 13-7."

Mississippi at Louisiana State poses a puzzler. Says Bowers: "In games played to date Ole Miss has shown a better offensive and a superior defense but the class of opposition hasn't been up to the standard of teams engaged by LSU. My vote goes to State, 13-7."

Game No. 10, California at UCLA, is described by Bowers "as by far the toughest to pick Cal has lost but one game, to Southern Cal. 39-14. last week. UCLA dropped two, 27-26 to Northwestern and 7-0 to Southern Methodist. The game is on the Uclans' field so give 'em the edge, 20-14."

DAKOTA REPORT—Eight members of the Dixakota Gun club, who returned from a shooting jaunt in South Dakota Tuesday evening, report pheasants in abundance in the northern state.

The party had little trouble obtaining its daily limit and the 15 birds allowed to be taken home. And they found ducks and deer plentiful, also.

A comedy note of the trip, they tell us, was the appearance of a goose on Harold Tuttle's hotel bed post. It's said the goose took a swim in Tuttle's washbowl among other things.

Near Record Mob to Jam Stadium

Champaign, Ill., Oct. 30—(Special)—With the second largest crowd in history in Memorial stadium scheduled to attend the Illinois - Michigan homecoming game here Saturday, Athletic Director Doug Mills sounded a warning that fans should start early for the stadium in order to be in their seats by the kick off at 1.30 p. m.

"Traffic will be extremely heavy," Mills said, "and we also are faced with a parking problem without parallel in history of the stadium. Fans should start so that arrival time in or near the stadium area will be shortly after 12 noon."

George Legg, ticket manager, has set Saturday's crowd figure at 71 119, including 2,600 persons who will be seated in temporary bleachers.

TRI-CITY BLACKHAWKS PLAY IN STERLING THIS EVENING

Sterling, Oct. 30—(Special)—The Tri-City Blackhawks of the National Professional Basketball league will play an intra-squad game at the coliseum this evening (8 o'clock).

The Hawk roster is down to 11 men as a result of four releases early this week.

LEE CENTER RIFLE CLUB PLANS ELECTION TUESDAY

Sox Boss Won't Pay $500 Fine

BULLETIN

Chicago, Oct. 30 — (AP) — President William Harridge of the American league today called a special meeting of the club owners to be held at Cleveland tomorrow to consider the suspension of Leslie O'Connor, general manager of the Chicago White Sox.

The meeting will be held in the Hotel Cleveland starting at 10:30 a. m. (EST).

Cincinnati, Oct. 30—(AP)—Baseball Commissioner A. B. (Happy) Chandler's office promised a "statement of facts" today following suspension of the Chicago White Sox and General Manager Leslie O'Connor yesterday in a case pivoting on an alleged violation of the national pastime's high school rule.

O'Connor and the American league club were suspended, Chandler's secretary, Walter Mulbry, said, after the general manager refused to remit a $500 fine levied in the signing of 17-year-old George Zoeterman, a Chicago Christian high school pitcher who won't finish his studies at the institution until January.

Himself a strict enforcer of baseball law during 24 years as aide to the late Judge Kenesaw Mountain Landis, Chandler's predecessor, O'Connor so far has said only that he was suspended from baseball and doesn't want to talk until he issues a statement later.

Act Termed "Illegal"

Mulbry said last night that both O'Connor and the club would be reinstated immediately if the fine was paid, but the White Sox boss indicated he would fight the Chandler edict. The ball club's executive office released a statement, however, terming the suspension an illegal act and an attempt "to coerce the club and Mr. O'Connor in the submission to his (Chandler's) illegal acts."

Signing of Zoeterman, a promising southpaw who hurled in batting practice for the White Sox and made the club's last eastern swing of the 1947 season, was the second time, said the commissioner's office, that the Chicago organization had been fined by Chandler. Last March, his office reported, the White Sox were fined $500 for a similar complaint involving one George Murphy, a high school student.

As originally drafted by a major league committee of which O'Connor was a member, the high school rule applied only to schools holding membership in the National Federation of High School associations.

Baseball sources claimed the rule never was amended but Mulbry said that after its adoption two bulletins were sent to club owners advising them Chandler would interpret the rule as applying "to all high school students."

Non-League Games Tops Friday Eve

Ottawa's bid for the Northeast division NCIC pennant at Dixon tomorrow night heads up a three-game circuit card.

Another Northeast scrap sends Sterling's Golden Warriors (1-2) to DeKalb (1-2). DeKalb, 47-0 victor over the Dukes last Friday, rules a heavy pre-game choice.

In the Southwest division, only one contest—Geneseo at Mendota—is carded. Mendota, in the throes of a disastrous campaign, eyes its first loop victory after three lickings. Geneseo claims one win and two defeats in NCIC firing.

Blackhawk conference activity winds up with Mt. Carroll going to Mt. Morris.

A brilliant list of non-conference battles is in prospect, involving many of this area's top-flight elevens.

Amboy at Rochelle

Rochelle, Southwest division NCIC leader, is host to Amboy's Red and White while Princeton goes to Sandwich. Hall Township performs before the home folks against Normal and Sterling Community travels across the river to oppose Rock Falls.

Polo's Marcos entertain Aquin of Freeport. Savanna and Morrison collide at Morrison and Walnut meets Princeville on the Blue Raider gridiron.

Oregon closes the books Saturday afternoon by motoring to South Beloit.

Although Myers Royal Blue won two games last night, their winning streak was broken at sixteen when they lost the middle set to James Billiards . . . Flash Fordham, sobbingly took all of the blame for the loss, admitting he had four easy misses in that set . . . You may, or may not, have noticed the different setup on the bowling scores. All of the teams are now given, but only the total pins for each individual. High games will come in for special mention, and perhaps low ones also. We're anxious to know how the Dixon keglers like this set up and if you do or don't please tell Ken at the Recreation or Les at Lincoln Lanes, so we can find out your opinion . . . After hitting rock bottom when none of the girl teams gave us a bid after Pres. Potts farmed us out to the Ladies league, we were considerably elated last night when John Lange asked us to sub for Eldon Myers, who is on the sick list, in his spot on the Jay Harrison Major league. John's only stipulation being that we could not wear skirts . . . After trying so-o-o hard all season to hit a "200" set Bill Lieving finally came up with 216 Tuesday night, and then we had to go and miss it in the list of high counts, so we'll make amends today.

OHIO SHOOTS FOR THIRD WIN IN ROW THIS EVENING

Ohio, Oct. 30 — (Special) — Ohio's Bulldogs, with two straight victories under their belts, travel to LaMoille tonight for a Little Eight conference eight-man tiff.

Coach Charles Brooks' boys walloped Neponset, 40-0, Oct. 17 and then came back last week to bury Buda, 75-7, with a flurry of touchdowns.

REAGAN ON FOOTBALL

Bench Warming Bad, Claims Dixon Actor

By BOB MYERS

Los Angeles, Oct. 30—(AP—The young man doesn't think his views will have any profund effect on the situation, but he is convinced that bench warming is bad for a football player's morale, might conceivably affect his future life, and the solution for the problem is simple.

"If you want to play football, enroll in a small college and let the big schools go to blazes," said Ronald Reagan, who was speaking as a former small college athlete and not as a movie actor. And he didn't exactly say "blazes," by the way.

His philosophy is equally commonplace; it's the one about being a big frog in a small pond instead of getting swallowed up by dint of pure numbers.

Recalls Eureka Days

Reagan, who earned his first postcollege $5 announcing football games in Davenport and Des Moines, Ia., and moved on to a movie fortune replete with mansion and swimming pool, played tackle for Eureka college back in 1929-32.

"Sure, you never heard of Eureka, but it's in Eureka, Ill., near my home town of Dixon. We played in the Little Nineteen conference—it's the Little Twenty now, I think. I weighed 175 pounds, and I placed practically every minute of every game—and what is more important, I treasure the thought of every minute of every game.

"How does that compare with a man on a major college squad who is lucky to get in for five minutes in a whole season, who beats his brains out and has nothing to show when his college years are over except perhaps disillusionment or outright disgust for football and all that went with it?" Reagan, ex-tackle, was very intent about the matter.

No Personal Triumph

What personal triumph can it be, he demanded, for an excellent back to play on a winning team which can field 12 other excellent halfbacks. What is the percentage then or for the future? (Reagan still talking).

He answered, "Sure, a little more money, maybe, or a new car from a kind hearted alumnus—if the guy is good enough. But the difference in pay—oh sure, they all have to put out something—won't compare with the difference in permanent reward."

Reagan, who played George Gipp in the movie of Knute Rockne's life, is a great admirer of Notre Dame and Rockne tradition.

But he and his beauteous wife, Jane Wyman, have a son, Mike, and unless the Irish, or Southern Cal cut down their grid squads, young Mike is headed elsewhere.

It looks like Eureka college for Mike.

Blackhawk Title Goes to Lanark

Mt. Carroll, Oct. 30.—(Special)—After a scoreless first quarter, Lanark erupted with five touchdowns in second and fourth stanza bursts to trim Mt. Carroll, 34-0, and capture the first Blackhawk conference football championship here last night.

Rife, Lutz, Ellers, Atherton and Weber notched touchdowns with Rife, Lutz, Weber and Meeks going over for extra points. Atherton's tally came on a 50-yard run with an intercepted pass.

It was Lanark's fourth successive league victory, enabling them to shade Polo for the title by one game.

Labor Government Survives by Slim Margin in Congress

Averts Defeat on Vital Issue by Less Than 50 Votes Today

London, Oct. 30—(AP)—Britain's Labor government averted defeat by less than 30 votes on two occasions in the House of Commons today—the narrowest margins it has had since the party came to power in August, 1945.

By a count of 184 to 160, the Labor majority approved a hotly-argued motion to end debate on a controversial government proposal to abolish the slim basic gasoline ration now alloted to British motorists. The Conservative opposition greeted the vote with shouts of "gag" and "resign resign."

A few moments later the house defeated, 187 to 160, an opposition motion to annul the government order wiping out the basic gasoline ration.

The closeness of the votes was due partly to Labor abstentions and to the hour—the ballot came in the early hours of the morning after a night sitting—which reduced the attendance generally The Labor party has 394 seats and the Conservatives 190.

Churchill Fails Again

These votes followed by only a few hours Winston Churchill's fourth unsuccessful effort to throw the Labor party out of office by adverse parliamentary ballot. The house defeated his attempt last night, 384 to 201. His previous attempts failed, 381 to 197 in 1945; 374 to 198 last April, and 251 to 148 last August.

The debate on the gasoline issue, on which an adverse vote might have put the government in a position where it would have been forced to resign, developed a few hours after messengers carried into the House of Commons a petition bearing more than 1,000,000 signatures protesting against abolition of the gasoline ration.

Hugh Gaitskell, newly appointed minister of fuel and power, said the decision to abolish the basic ration was taken as "an essential step in the balance of payments, to save foreign currency in general and dollars in particular" He said it would mean a saving of 7,500,000 pounds ($30,000,00) in dollars

Churchill immediately seized upon the issue and bounced to his feet with the declaration that:

"These are very large questions . . . It would be very much better to allow this discussion to go forward and allow opinion to develop I really cannot feel that the statement of Mr. Gaitskell, however glib and sweeping and logical it may appear to be, is an answer to the difficulties we have in this practical question of how to meet the difficulties of our dollar situation."

Chuter Ede, deputy leader of the house, said he saw no reason why the debate should be continued and offered his motion to end it.

Coal Mine Safety Gaining in Illinois

Springfield, Ill., Oct 30—(AP)—Safety in Illinois coal mines is increasing, largely as a result of laws enacted by the 1947 general assembly, President Hugh White of the Illinois United Mine Workers said today.

The chief of the state's 23,000 AFL union miners said the new statute banning on-shift shooting with explosives has "greatly reduced" chances for a repitition of the Centralia mine disaster in which 11 men died March 25

"No law will stop explosions, but it's against the law now to have more than a handful of men below ground when shooting is done with explosives," White said in an interview

Other factors helping to improve safety conditions, White said are more frequent mine inspections and better ventilation

Stricter enforcement of the federal mine safety code and inclusion of the code in the UMW working contract with coal operators are other aids, he added

"The smaller mine inspection districts enable the state inspectors to visit the mines more often and to check on correction of violations they noted on their last trip," White said

The new mining laws increased the former 11 inspection districts to 22 and the number of inspectors from 16 to 25

Evicted Professer to Have "House-Cooling"

Lancaster, Pa., Oct. 30—(AP)—Kenneth D. Longsdorf, assistant professor of English at Franklin and Marshall college, is going to celebrate his impending eviction with a "house-cooling" party.

Longsdorf said yesterday he feels there is so much inconvenience in connection with being evicted he and his wife think they might as well have some fun in the bargain. So they've invited about 300 students and faculty members to drop in Sunday.

There will be refreshments and even an orchestra made up of student players, Longsdorf said. The Longsdorfs said they are being evicted from their home because they refused to agree to a rent increase, but added they have found another house for $30 a month less rent.

Washington state has 56 percent of its land area in forest.

HOLLYWOOD

BY BOB THOMAS

Hollywood —(AP)—Many stars have been badly burned by attempting their own movie productions, but not Robert Young. He is planning to produce a second film, a comedy called "Family Honeymoon", in January.

Bob's first venture, "Relentless", was happy for two reasons: He was able to get color (a rare item); he got it into England before the 75 per cent tax went into effect. Now he's eager for more.

Betty Grable's new contract with 20th-Fox is a lulu. It is a seven-year, no-option deal which reportedly will gross Betty $3,500,000. It calls for two films a year, no outside pictures and no stage work. The blonde beauty is happy about it, as who wouldn't be?....

Dennis Morgan was asked if another "Two Guys From...." film was planned for him and Jack Carson. "Over my dead body", he answered "unless it was a straight story or one with a good comedy angle." Still, the series is box-office gold....

Nora Eddington Flynn may not know it yet, but her role in "Don Juan" will be about 30 seconds and she'll get no billing. She'll play her husband's last amour in the picture, and Errol indicates that such is the real-life case....

Sweden's latest gift to Hollywood is Marta Thoren, a dark-haired beauty who is playing the Hedy Lamarr role in "Cahbah". She came from the same dramatic academy that produced Garbo, Bergman, Hasso and Lindfors. Marta is passing up dates here, saying "My private life belongs to Sweden". She has a fiance there.

U. S., Britain Protest Russ Oil Field Seizure

London, Oct. 30.—(AP)—The United States and Britain have protested to Russia directly against Soviet seizure of the rich Lobau oil fields and installations in Austria.

A British foreign office spokesman, confirming today reports that the two countries had sent separate notes of protest to Moscow, said they followed two futile oral protests to Russian authorities in Vienna.

The oil fields—perhaps the largest in Austria and jointly owned by British and American capital through Austrian subsidiary companies—were taken over by the Russians without warning as reparations six weeks ago.

The formal British-American protests were regarded as designed to get the case on record in advance of the coming discussions by the foreign ministers council and its deputies on the future of Austria and Germany.

Vatican Choir Is Back on Tour; Obtains Funds

Phoenix, Ariz., Oct. 30.—(AP)—The Vatican choir, after being stranded here an extra day because of lack of sufficient traveling funds, was scheduled to continue its singing engagements tonight in Ely, Nev.

Late yesterday afternoon financial support came from Fay Fabiani, Los Angeles exporter, through arrangements made by Dr. Mario Profili, Italian consul at Los Angeles.

The choir sang in Phoenix Monday night and was scheduled to leave Tuesday but its two bus drivers refused to go further without pay, which they said was several weeks in arrears.

The choir left here yesterday.

FAITH"

I don't understand the hills,
Or the bounding sea,
Or the laughing mountain rills—
How they came to be.

I don't understand the sun,
Or the twinkling star—
How they ever were begun
But I know they are.

So with faith—its mysteries
I can't analyze,
Holding certain verities
Too deep for my eyes.

But I know this heart of mine
Rises from despair,
Into joy and peace divine,
Knowing they are there.

Svotch Doctor Scoffs at "Long Underpants"

London, Oct. 30.—(AP)—A hardy Scotch physician, scoffing at the British male's sensitiveness to chill winter winds, launched a one-man campaign today to cut short one of clothing-rationed Britain's few remaining luxuries.

Dr. R. Passmore, writing in "The Practitioner," a leading medical journal, declared today:

"Long underpants are still often exhibited to us in the consulting room instead of being relegated to the museum, where they rightly belong."

'Mystery' Eggs Turn Turtle

Digging in his yard, Robert F. Lightbody of Willow Lake, O., unearthed eight tiny white eggs which he couldn't identify. He gave them to his four-year-old daughter, Diane, who put them in a box and covered them with dirt. Then one day the mystery was solved. The eight eggs turned into the eight turtles which Diane is feeding in the pie plate above.

Fourth of Illinois Corn Crop Has Been Picked

Springfield, Ill., Oct. 30.—(AP)—Nearly a fourth of the 361,000,000 bushel Illinois corn crop has been picked, federal crop Statistician A. J. Surratt reports.

The work is moving along "much better than expected," he says, and with normal weather corn harvesting will be completed by early December.

About 85 per cent of soybeans has been combined and should be finished by mid-November. Soybean production is estimated at 64,100,000 bushels.

Ideal October drying weather improved quality of both crops, Surratt said.

Smoking Ban is Lifted For Ford Personnel

Detroit, Oct. 30.—(AP)—Another vestige of the regime of the late Henry Ford will disappear Nov. 15 when office and plant employes of the Ford Motor Co. will be permitted to smoke on the job.

The founder of the industrial empire, who died last April, always considered smoking a fire hazard and time-wasting.

An announcement from the founder's grandson, President Henry Ford, II., said the smoking ban could not be lifted immediately because of the time required to "post signs in dangerous zones, paint lines on the floors outlining these zones, distribute ash trays and receptacles."

Visitors to the company offices have been permitted for several months to smoke but even top-ranking Ford executives have been forbidden.

The youthful president smokes cigarets, but—so far, at least—not in his office.

Two months ago another of the elder Ford's rules was relaxed to relieve most office and "white collar" employes from punching time clocks.

Eaves-Drooping Lover Gets Suspended Term

Springfield, Mass., Oct. 30.—(AP)—Karl P. Hartman, 30, of Hazardville, Conn., drew a three months' suspended sentence yesterday for eavesdropping by installing a dictograph in the bedroom of a young woman with whom he had been friendly and who married another man.

Hartman was accused of rigging the dictograph in the couple's bedroom so he could listen to their conversation through the loudspeaker of his automobile upon their return from their honeymoon.

Martin Bormann's Son Arrested by Americans

Vienna, Oct. 30.—(AP)—Martin Bormann, Jr., 17-year-old son of Adolf Hitler's long-missing right-hand man, was arrested Monday by American troops near Salzburg. He had been living and working there as a farm hand since May, 1945.

Headquarters of U. S. forces in Austria, which announced the arrest, said he was being interrogated as to the whereabouts of his father, who has been missing since the last days of the battle for Berlin and who is under sentence of death for war crimes.

Loss of Working Time Through Sickness Cut

Washington, Oct. 30.—(AP)—Loss of working time in industries because of sickness declined last year to reverse a trend which had been under way since 1938. The public health service reported today.

Absences of eight or more consecutive days per 1,000 men, which rose from 82.3 in 1938 to 147.4 in 1935, dropped to 114.5. Among women the rate, which went up from 130.4 in 1938 to 257.9 in 1945, fell off to 248.2.

The figures were set forth in an analysis by W. M. Gafafer, principal statistian for the service. He did not attempt any explanation.

Local Organizations Lend Assistance in Sale of Xmas Seals

Girl Scouts, Firemen and Legion Auxiliary to Aid TB Association

Assistance to the Lee County Tuberculosis association in promoting the Christmas Seal sale has been pledged by several leading active communiity organizations.

At a recent meeting of the American Legion Auxiliary, Dixon Unit No. 12, the president, Mrs. Catherine Flynn, announced they will again assist by preparing the Seal sale letters for mailing. This group has worked closely with the association for several years in an effort to bring to the attention of the public how this disease can be brought under control.

For several years the Girl Scout organization has done a fine job of distributing Christmas Seal sale posters throughout the city. Mrs. George Reed, director of the Girl Scouts, will again assist the association.

Jake Johnson, Fire chief, and his men have folded our Christmas seals as they have done in previous years.

Tuberculosis, which now flourishes among the ill fed millions of the world, has reversed its downward trend in the war devastated nations and once again, among the infectious diseases, is the chief cause of death. In many areas the disease is epidemic.

Speed of travel now makes tuberculosis a matter of national and international concern, whereas formerly it was a family and community problem.

The all-inclusive objective of any sound tuberculosis control program is the immediate prevention and the eventual eradication of tuberculosis from the peoples of the world.

In Lee county the tuberculosis control program is financed solely by the sale of Christmas seals, which will be placed in the mail on Nov. 24. The public is being urged to buy and use these seals generously this year.

This Eskimo comes up with a novel form of getting around in those few months when the northern Alaska ground is soft. Here, his huskies pull his barrow which has two 50-gallon oil drums for wheels. Congress Meets in "Unspecial" Session

Washington, Oct. 30.—(AP)—Today's question—Look out, now—is: Did the president call congress into special session, Nov. 17?

The answer is no.

He called congress into session Nov. 17, all right, but it's not a special session.

That's the view of Lew Deschler, House parliamentarian, which makes it official.

What the session will be is a reconvening of the first session of the 80th congress, Deschler says.

"When congress adjourned last July it did not adjourn sine die (without setting a date)", Deschler explained to a bewildered reporter.

"It adjourned until next Jan. 2, or at the call of the congressional leaders or, as is provided under the constitution, at the call of the president.

"So it will be a continuation of the first session of the 80th congress—not a special session. That's a misnomer."

Shower for Princess Elizabeth Held Near Chicago by 82 Women

Chicago, Oct. 30—(AP)—Eighty two old ladies, young enough to believe in love "as a very important part of international relations," held a shower today for Princess Elizabeth and toasted her happiness with mild sauterne and tea.

The shower was held in the British Old People's Home in suburban Hollywood, Ill. On display was a wedding cake.

The ladies wrapped a wedding gift for the princess, a copy of "Love Ledger," a bride's first year book. Included in the package was a finely hand-stitched pink satin sachet pillow. The gifts will go by air to London.

Miss Elizabeth Howard, 76, who lived near Windsor in her girlhood, recalled often seeing Queen Victoria riding with the Prince Consort. "We are all young enough to believe in love as a very important part of international relations," she said.

Vandalia Man Freed on Wife Slaying Count

Vandalia, Ill., Oct. 30—(AP—Frank Miller, 53, was acquitted by a circuit court jury last night of a murder charge in the fatal shooting last June of his wife, Grace. He had testified the shooting was accidental.

Defense Attorney W. P. Welker told the jury of nine men and three women in his closing argument that the state had been unable to advance a motive.

Miller was confined to a hospital for several weeks with wounds suffered, he said, when he turned a shotgun on himself after an accidental discharge had struck his wife.

State's Attorney W. F. Sonnemann told the jury the farmer had given three versions of the shooting. Special assistant state's Attorney Martin Corbell said "if it was an accident, the humane thing for him to have done would have been to go to her side and give her aid."

Army Recruiter Now Has Victory, Defense Medals

The new World War II Victory and American Defense medals have been received by M/Sgt. B. W. Selmi at the Army recruiting station in the Dixon Chamber of Commerce building and are now being distributed. Some of the medals have been placed in the display window at the Roberts & Hess agency where they may be viewed. Only a limited supply of both medal issues have been received and these will be distributed as rapidly as the applications are filed with Sgt. Selmi.

Applications may be made by discharged veterans, next of kin of either men who have died after discharge from the armed forces, or men who have died while serving in active duty. The medals may be applied for by letter or personal appearance at the recruiting station.

The World War II victory medal is issued for service between December 7, 1941 and December 31, 1946. Individuals who apply in person will present the original discharge certificate. In case of lost discharges, statements of war department authentication or statement of service will be required.

Ex-Army personnel and the next of ex-Army personnel who have died since their discharge from service may make application by mail to the recruiting station. Applications must include either the discharge certificate, photostatic or notarized copy of the discharge certificate, or a War department statement of service.

The next of kin of Army personnel who were killed in active duty in the armed forces and who consequently do not possess the necessary documents to make application elsewhere, may apply to Chief, Demobilized Personnel Records branch, building 165, Records Administration Center, AGO, St. Louis, (20) Mo.

The full name, last grade, and serial number of the deceased personnel should be provided. The complete return address of the applicant should be clearly indicated. Applications may also be made through the National Guard and the veterans organization.

Supreme Court is Likely to Get Film Contempt Charges

Others Recently Named For Contempt Have Been Convicted

By MAX HALL

Washington, Oct. 30—(AP)—This week a group of Hollywood writers have been charged with contempt of congress because they wouldn't give "yes-or-no" answers to the question, "Are you a communist?"

That means a court trial is possible. Ultimately the case may go to the Supreme court.

Already, in the yelling and pounding of one of the noisiest committee hearings ever held on Capitol Hill, both sides are preparing for this court trial.

You can see it in the asking of the questions by the committee attorney, Robert E. Stripling, and in the way the witnesses reply.

What is contempt of congress?

It's a violation of a law which says—

Carries Fine, Jail Term

Whenever a person who has been summoned as a witness before a congressional committee ignores the summons or "refuses to answer any question pertinent to the question under inquiry" he shall be guilty of a misdemeanor.

He can be fined $1,000 and jailed for one year.

A subcommittee of the House un-American activities committee—in citing John Howard Lawson, Samuel Ornitz, and others for contempt—has stated flatly that they have "refused" to answer questions and therefore have violated the law.

Now, if the full committee, then the House of Representatives and finally a federal grand jury all agree with this view, the case will go to trial in the federal district court here.

If this happens, the jury must decide the issue of whether these men legally did "refuse" to answer. The witnesses haven't admitted they "refused." Some have insisted they weren't refusing—they only wanted to answer in their own way.

Follow Same Pattern

Each witness would begin talking about his right under the constitution and the committee's right to ask such a question, and Chairman J. Parnell Thomas would begin banging his gavel and demanding a yes-or-no answer.

The witness would keep talking and Thomas would finally order him away. That's the pattern.

If a trial is held, the defendants—judging by their testimony this week—will argue that the question "Are you a Communist?" is unconstitutional and the committee had no right to ask it. They have insisted that their civil rights are invaded by an inquiry into their political beliefs.

There have been several recent jury convictions for contempt of congress. None of them has yet reached the supreme court.

Field Conviction Upheld

Here are the cases:

Eugene Dennis, general secretary of the Communist party, was convicted on the ground that he failed to appear before the un-American activities committee last April 9 in answer to a subpoena.

Gerhard Eisler and Leon Josephson were convicted in separate trials on the ground that they refused to take the oath for testimony before the same committee.

Sixteen members of the joint Anti-Fascist Refugee committee were convicted on the ground that they refused to submit certain records to the un-American activities committee.

Benjamin F. Fields, Washington lawyer, was convicted on the ground that he failed to produce certain records to the House surplus property committee concerning a financial deal in which he made a profit on the sale of wire screening.

Only Monday, a U. S. Court of Appeals upheld Fields' conviction. His lawyers say they will appeal to the Supreme Court.

Raising and selling started chicks by commercial hatcheries has risen from a sideline to dispose of day-old chicks to a featured part of the hatchery business.

These will be sold and the money realized turned over to the Hospital Chairmen in the various Veterans' Hospitals as an emergency fund to pay transportation for a veteran who is called home on account of illness or death in the family. Members of the Unit will collect the metal frames if they are notified where to call.

The president appointed the following chairmen to serve for the coming year: Americanism, Esther Kalsted; Auxiliary Loan fund, Adeline Pomeroy, child welfare, Evelyn McNinch; community service, Alvina Hanneman; finance, Blanche Hoff, Gold Star, Elaine Ullrich; junior activities, Della Bollman, legislative, Minne Eaton; Hason, Grace Mave; membership, June Wellman; music, Emma Ullrich; national defense, Alice Taylor; Pan-American, Tillie Brasel, past president's parley, Tena Herrick, poppy, Alice Parlin; publicity, Mary McBride, radio, Marie Brasel; rehabilitation, Joyce Davenport; veterans' craft, Eleanor Baylor. At the close of the meeting refreshments were served by the hostess, assisted by Adeline Pomeroy and Alice Taylor.

Mrs. Howard Wellman will be hostess to the Unit members and their friends at an all-day carpet rag bee on Nov. 11. A scramble dinner will be served at noon. Donations of carpet rags will be appreciated. Veterans' Craft Exchange items will be on sale on this date.

The next regular meeting of the Unit will be held Nov. 17 in the Masonic Hall at 8 p. m. Several new members will be initiated.

From where I sit ... by Joe Marsh

Sam's a Matrimony Expert

Sam Abernathy never intended to be a matrimony expert, but he hit the nail on the head the other day when he said:

"What marriage really needs is more open minds and a lot fewer open mouths."

Sam may not think much of his missus' choice of hats or her habit of serving watercress and cream cheese salad. But he keeps his mouth shut (I mean, he just uses it to eat the salad). And the missus never criticizes Sam's affection for that worn-out chair before the fire, and his mellow glass of beer and pipe at the end of a long day.

From where I sit, that prescription would apply to most human relationships. Criticism rarely rouses anything but resentment. But an open mind—whether it's applied to a woman's choice of hats, or a husband's preference for a pipe and a moderate glass of beer or two—leads to the conclusion that there's right on both sides.

Teen Agers Have Their Own Nitery in Rochester, N. Y.

Provides Entertainment Spot Free of Drink For Youth

By HAL BOYLE

Rochester, N. Y.—(AP)—Teenage kids have their own night club here—a modern fun spot run by themselves where soft drinks replace highballs.

They call it "The Barn," and it's a big glossy redesigned quonset hut structure with all the interior trimmings of a Manhattan night club.

This unique experiment in recreation for high school children, praised by religious organizations and civic clubs here, originated with a mother who sent a $250 check to publisher Frank Gannett in a letter asking:

"Why isn't there a place for our children to go and have a good time without drinking?"

Many Parents Worried

Gannett investigated and found that problem was worrying many parents who didn't want their children exposed to adult temptations.

"Then I made a check to find out what the children themselves wanted most in the way of entertainment," said the 71-year-old publisher. "They said they wanted a place with a night club atmosphere—dancing, food and good music—but without liquor."

"The Barn" was the outcome.

Monroe county officials donated the use of county land on a hill outside the city. Gannet put up $40,000 to erect "The Barn." It has a soft drink bar with low-priced food, tables, a band platform with microphone and a dance floor that any metropolitan night club might envy.

Kids Operate Club

On opening night last May 16 it was jammed, and it has drawn capacity crowds of 500 to 600 'teen agers ever since.

Gannett decided at the start that it was up to the kids themselves to operate the club.

"It wouldn't have worked out if it had been imposed upon them and grownups had tried to run it," he said.

"The Barn" is governed by the board of the Gannett Youth club, made up of a representative from each of 30 public and parochial high schools in the Rochester area. Executives of two Rochester newspapers act as advisors, but the 'teen age board members make and enforce the rules.

The board voted that no stags would be allowed and set the price at a dollar a couple. Dances are held each Friday and Saturday evening from 9:15 to 12:30 a. m.

The kids put on their own shows. Each week a different high school trots out its best talent in the way of singers, specialty dancers, magicians and choral groups.

"There has been no misbehavior of any kind," said Gannett. "The club isn't an agency for the reformation of juvenile delinquents. It was set up primarily to provide a wholesome place of play free from liquor and poor surroundings. High school children in every city need such places."

He'd like to see the idea spread.

Tide of Resistance Is Rising Against Communism Now

Eastern Europe's Top Peasant Leaders in Alliance

By DEWITT MACKENZIE
AP Foreign Affairs Analyst

One of the striking developments in the political battle between democracy and communism is the formation of a committee of exiled peasant leaders from the eastern European Slavic satellites of Russia to inaugurate an anti-Communist propaganda offensive with headquarters in Washington or London.

This fits in perfectly with your columnist's recent observation that freedom loving people like the Slavs—who through the centuries have fought for their independence time and again—wouldn't indefinitely submit to the fierce regimentation of totalitarian communism The ferment of freedom is at work in these small countries which have been communized by strong-arm methods.

Not Complete Picture

However, significant as is this news it is far from being the complete picture of current trends To this we must add the announcement by Gen. Lucius D. Clay, U S military governor in Berlin that the American military government is embarking on a new aggressive policy of defending before the German people the principles of freedom and attacking communism.

Then we have the launching of Gen. Charles DeGaulle's crusade against bolshevism in France. And the drastic step of Brazil and Chile in severing diplomatic relations with Moscow in protest against Red activities in those two countries.

Serbian Reveals Plans

Disclosure of the projected peasant organization was made by Serbian (Yugoslav) Peasant Leader Dr. Milan Gavrilovic who is in London. Representatives of the Yugoslav, Romanian, Bulgarian, Czechoslovak and Polish peasants mets in the British capital and laid plans for an all-out propaganda drive against communism, to be inaugurated as soon as the Polish peasant leader, Stanislaw Mikolajczak—who has just escaped from Communist dominated Poland—reaches London or Washington.

What these leaders project is a world peasant "International," to coordinate the fight against communism. This international is calculated to combat communism's new "Cominform" (communist information bureau) which comprises the Soviet union and its satellites in eastern Europe. The "Cominform" is generally regarded as a rejuvenation of the Comintern, or Third International, which is the general staff for red world revolution.

Consider United Front

One assumes that Hungary may be added to the Peasant International. In any event, Dr. Gavrilovic says the Peasants will have to consider formation of a united front with other anti-communist political parties. Meantime Jacques Duclos, French Communist leader, has announced that the Cominform can be joined by any communist party in the world—including those of the United States and Britain

Moscow apparently is furious at the flight of Mikolajczyk from a hostile red regime in Warsaw. The Moscow radio declared that he is a "cowardly fugitive" and a sworn enemy of the new democratic Poland who was careful to take himself off in time" That expression "take himself off in time" certainly has an ominous ring

Summary: The tide of resistance against communist aggression is rising with increasing rapidity.

Boy, 11, Slays Youth on Pumpkin Hunting Trip

Livingston, Ill. ,Oct. 30—(AP—A sheriff's deputy said an 11 year old boy told him that he shot a playmate, Roy Clifford Teeske, 10, of Livingston, Ill., while the boys were on a "pumpkin hunting" expedition yesterday.

Teeske, who was found critically wounded beside a road near here, died in St. Francis hospital at Litchfield, Ill., last night.

Madison county sheriff's Deputy Steve Spudich said the older boy, in an oral statement, related he had been "shooting at birds and just wanted to scare" the Teeske youth while he was climbing over a fence.

Hearing on Hughes Will Be Reopened

Washington, Oct. 30—(AP)—A subdued start appears in prospect for Monday's reopening of the sensation - packed congressional inquiry into Howard Hughes' wartime airplane contracts.

In fixing the date for the second set of public hearings by his senate war investigating subcommittee, Chairman Ferguson (R-Mich) declined to say whether either Hughes or the Hollywood millionaire's free-spending public relations man, John W. Meyer, will be present at the outset.

However, Senator Pepper (D-Fla) told newsmen that before the two star witnesses are recalled to the stand a number of Air Force procurement officials will be questioned with "meticulous and methodical detail" to see how the contracts were let.

Report Hughes Called

Pepper, a subcommittee member, referred to the $40,000,000 worth of wartime contracts awarded Hughes to build the world's largest aircraft and a speedy photo-reconnaissance plane.

In Los Angeles, associates of the movie producer - aircraft builder reported that Hughes had been asked to appear before the committee next Thursday.

The previous hearing, marked by Meyer's accounts of lavish parties for Army officers and others by Hughes' caustic exchanges with Senator Brewster (R-Me), chairman of the full investigating committee, was recessed abruptly August 11.

Meyer's subpoena had expired, and the voluble witness could not be located.

Retired General Is Adopted by Widow

Newport, R. I., Oct. 30—(AP)—A 51-year-old retired Army commander has been adopted by an 80-year-old wealthy Newport widow and social leader, with all the rights of a natural son under inheritance tax laws.

The adoption of Brig. Gen. Ralph C. Tobin by Mrs. Hamilton Fish Webster was disclosed last night by John M. Dring, clerk of the Newport probate court. He said the papers completing the adoption were filed more than a week ago by William A. Peckham, Newport attorney.

Tobin is a bachelor.

Mrs. Webster's husband died in September, 1939, leaving her as estate valued at $1,250,000 to be held in trust during her lifetime. The will also granted her lifetime use of the Webster's $120,000 Newport estate, Pen Craig.

Dring described the proceedings as a "full age adoption" and said Tobin would retain his own name but would gain all the rights of a natural son. Mrs. Webster has no sons or daughters.

Tobin, then a colonel, was commander of the Old Seventh regiment, New York National Guard, when it was activated and sent to Camp Stewart, Ga., in 1941.

Forest Fires Mar a Golden October of Record Warmth

Rains and Cold Masses of Air Changing the Picture Now

By MAX HALL

Washington—(AP)—Most of the country has enjoyed a golden October of phenomenal warmth and dryness.

It was great for golf but it also brought a thing of crackling horror—the forest fire.

This week big changes are occurring in the nation's weather.

Rains and cold masses of air are cutting down on the golf and picnics.

Rains have also cut down on forest fire hazards in the west and midwest, and are expected to ease the situation soon in New England, which has had its worst fire season in years.

Thus, except perhaps in the worst extremes of weather, it's not strictly accurate to say the weather is "bad," or "good"—but only that we like it or we don't.

More Rain Predicted

Several serious fires were still eating out the glory of New England woods this week. The weather bureau's prediction for that region was "showers".

These showers weren't expected to end the danger, but the weather bureau is predicting more rain, perhaps a total of half an inch, before the end of the week. Even this wouldn't put out the worst fires, but it would slow them and make it easy for fire-fighting men to complete the job.

A weather bureau official here said a really heavy, general rain over New England would "probably solve the problem" for this year.

Nearly all bad forest fires come out of a partnership between human carelessness and drought. The drought sets the scene of the crime, and some inconsiderate person comes along and does the rest.

Nearly all of the country has been having unusually warm weather.

Third Straight Hot Month

East of the Rockies, October was the third straight month when temperatures averaged above normal.

August was a scorcher, September was above normal, and October was almost as warm as September.

In the east, south, and midwest, the coldest snap of the season hasn't been in October at all. It came in the final week of September. October brought warmer weather.

Temperatures Going Up

In fact October reversed the customary procedure and actually got warmer as it went along.

For example: Boston's average temperature in the last week of September was 52. In the first three weeks of October it climbed like this: 58, 60 and 71. In the fourth week of October, ending yesterday, it fell back to 61.

New York's average in the last week of September was 50, and in the four weeks of October it ran on up—60, 62, 69, and 64.

Chicago's average for those five weeks was 53, 62, 62, 68, and 62.

Atlanta: 63, 65, 68, 71, 66.

St. Louis: 60, 63, 69, 74, 68.

Philadelphia: 55, 60, 64, 70, 65.

Detroit: 50, 60, 58, 66, 62.

San Antonio: 73, 77,77,77, 75 (remember, it's supposed to get cooler and cooler at this time of year).

Pittsburgh, 52, 58, 64, 66, 64.

Des Moines: 55, 66, 63, 68, 57.

Cleveland: 53, 60, 63, 66, 63.

Far West Gets Rain

The far western pattern was different. For example, Denver: 66, 66, 59, 60, 45. Los Angeles: 74, 68, 65, 66, 68. Seattle: 62, 59, 56, 53, 52.

Back to forest fires:

The weather bureau said rain now have ended the fall fire season in the far west, except in Utah and California, where moderate fire hazards exist but no serious fires.

Forests in the Great Lakes and central states were in serious danger but the rains came Saturday and things are looking good.

In the southern Appalachian region, from Maryland down to Georgia, and from the Carolinas across into Tennessee, "the fall fire season has begun." The hazards so far are only moderate, and no serious fires are reported.

Parents Anxiously Hope Child Gets the Measles

San Diego, Calif., Oct. 30—(AP)—Five-year-old Billy Holting's family and doctor hope today he is at last going to come down with the measles and that the attendant fever will cure him of a more serious disease, nephrosis, a kidney ailment.

Billy, for whom a measles hunt was conducted for two weeks through press and radio, was finally exposed when brought together for an hour with another Billy, 18-month-old son of Navy Lt. (jg) and Mrs. Will F. Glenn.

Mr. and Mrs. George Holting then took their son to a hospital where developments are being awaited.

Several previous offers of exposure had failed because the disease was not of the required "common" variety or the carriers were too far away for contact.

The University of Illinois provides 105 college-level correspondence courses for university credit.
